

PHASE 3 I-80 EAST REGION: AUBURN TO BLUE CANYON

PREDICTED COVERAGE, SPRING 2021

This is a map of Phase3 showing the predicted coverage in the I-80 East Region from Auburn to Blue Canyon. This region is expected to be operational in wide area trunking in the Spring of 2021.

The map shows three repeater sites in this region located at Howell Mountain, Wolf Mountain, and Banner Mountain. Additional repeater sites are planned in this region to extend the coverage to the state border with Nevada.
